

The~ ZENITH VOLUME - NINETEEN Published By THE SENIOR CLASS of CHAGRIN FALLS HIGH SCHOOL

The pendulum of time has marked off one more year in the history of Chagrin Falls High School. We, the Senior Class, in compiling this nineteenth volume of the Zenith, have endeavored to set forth the events of the past year, that they may ever recall fond memories of our high school days.

A Pioneer in the History of Chagrin Falls Schools

FRANKLIN PIERCE SHUMAKER entered into the life of Chagrin Falls in 1888 when he became superintendent of schools in this village. Before coming to Chagrin Falls, he was principal of Mount Union Public Schools. This position he obtained after graduating from Mount Union College in 1886. He worked his way through college teaching in the district school.

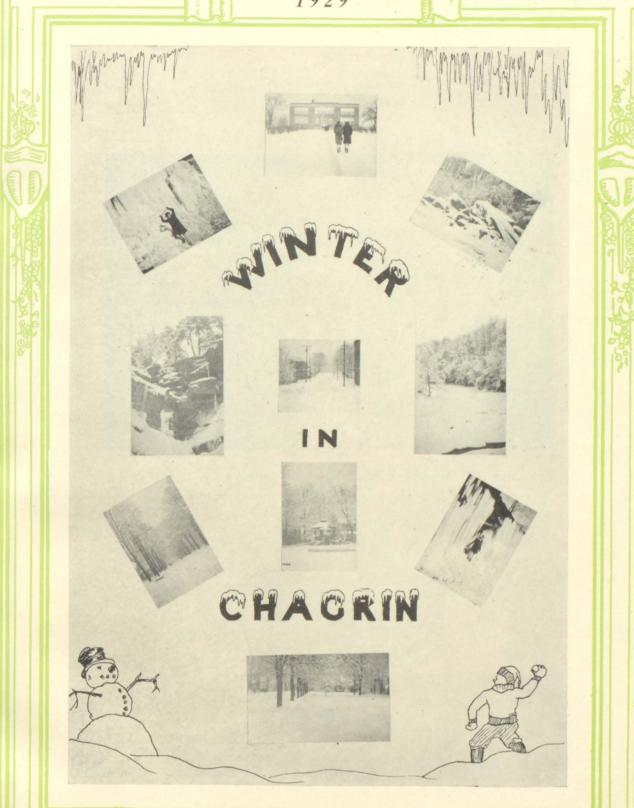

Mr. Shumaker served as superintendent of the Chagrin Falls Public Schools for twelve years.

In 1890 the annex to the Grade Building, that now contains the gymnasium and auditoruim combined, was built.

Since Mr. Shumaker's resignation in 1901 he has kept an active interest in the schools. He is always pleased to address the student body because he finds an attentive and interested audience.

In 1927 when Mr. Shumaker was a guest at one of our chapels he put before us an excellent proposition that is called the Maggie and Frank P. Shumaker Prize. This is the awarding of two prizes of fifty dollars each to one boy and one girl in the graduating senior class who is voted by his and her classmates as the most worthy in three points, scholarship, popularity among fellow students and service to the school. This is a great challenge, and endears Mr. Shumaker and his late wife to our school.

We are glad to have a friend such as we find in Mr. Shumaker to see us through our school days.

In Memoriam

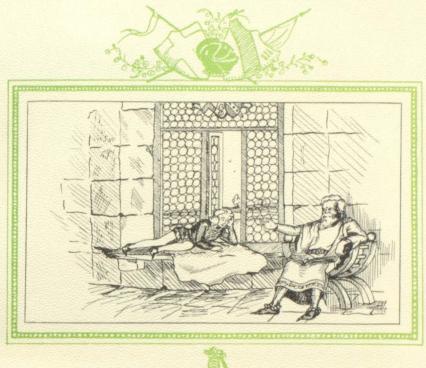

Miss Ada Michener Instructor of Latin 1927-28 1928-29

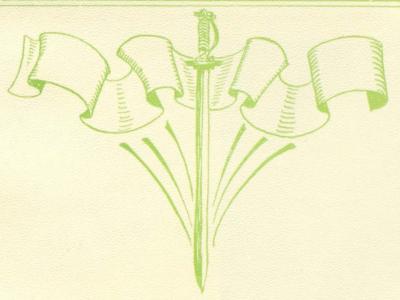

Miss Hilda Lehman Instructor of French 1928-29

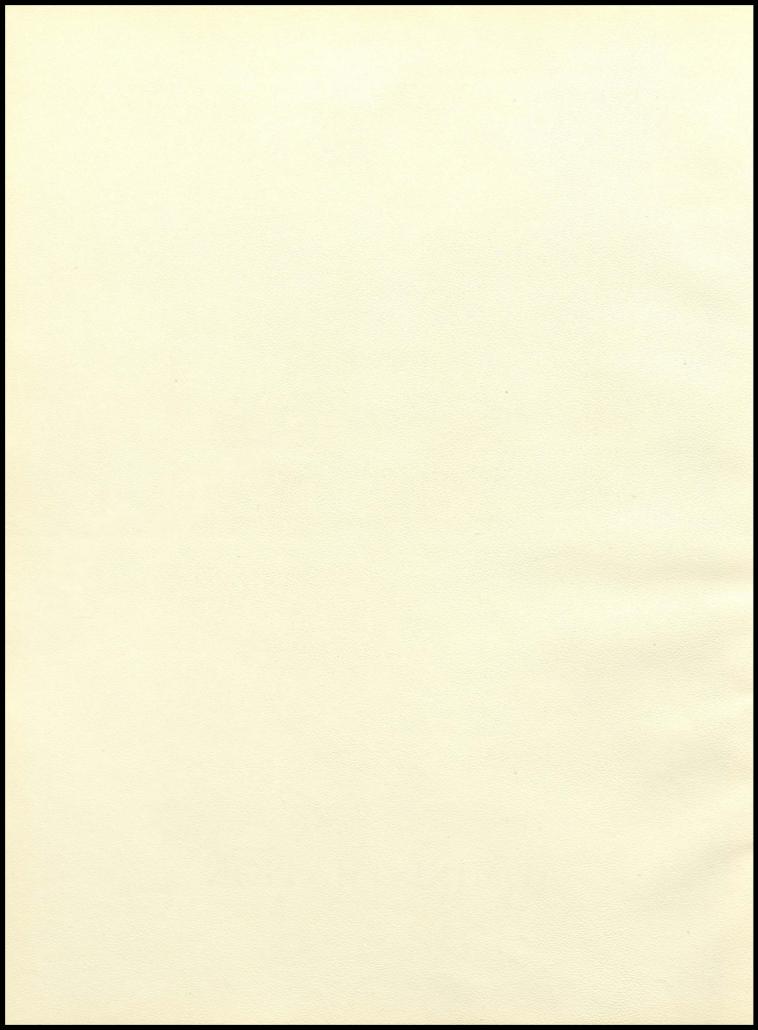

True friends are not forgotten,
And we, of Chagrin High,
In honor of these friends, shall let
Their memories never die.

Senior Class Prophecy

LAST Saturday afternoon after lunch I hurried down to the new Public Library Building, you know, where the ice station used to be. I had read a very good article on Raymond Kent's last book of poetry, "Little Bits O' Nothing", and, as I always have had a weakness for Ray's poetry, since we went to school together, I decided to get it to read Sunday afternoon.

The book I wanted was very much in demand, but I finally succeeded in getting a copy. As I went down the corridor, I passed the head Librarian's Office, and in one corner of the glass was the name Winifred Haster. Without hesitation I pushed open the door and went in. Winnie seemed very glad to see me and wanted to know how I was getting along with my musical study in Paris. She handed me a paper, called "The Echo of Chagrin Hi", that would have satisfied any editor's dream. Of course, the Alumni Column interested me most:

The Downtown Chevrolet Co. opened its doors for business last Saturday under the managership of Virgil G. Blair.

William Braund has assumed editorship of the Judge. Bill will be remembered as editor of the Zenith in 1929.

Ziegfield has taken a new dancer into his ranks. She is one of our own girls, Goldie Briskey.

Duane Brown of Auburn and Chagrin has started a chain of grocery stores known as the X. Y. Z. stores.

Margaret Bursby is wearing a medal she received when she recently won the world speed test for typewriting.

Lawrence Chapin is manufacturing Pole Cat Cigarettes. They are very novel, black paper with white stripes.

Gladys Childs has realized her ambition. She is one of Mack Sennett's Bathing Beauties.

Cathryn Cole has been elected president of Groth's College for Women. Frances Dean is awaiting the results of the bar examination that she took last week.

The Fehr Sisters, Norma and Carmita, are listed on the bill for this week at the Falls Theatre.

William Fosdick struck oil on his allotment at Newbury Heights. The well is estimated to be worth about \$2,000,000.

Victor Gilmore won the pole vault meet at the Olympic Games last June. Wilbert Gunning has just completed his book, "Annulling the Volstead Act".

Helen Koivisto has just finished her latest talkie picture, "Catching Clara".

Senior Class History

In September 1916, a group of small children trudged through the fallen leaves to a small white school-building where we were met by a small lady, namely, Miss Alice Russell.

During the next six years we progressed through two buildings and picked up bits of knowledge here and there that our teachers had put before us. In that time the number in our ranks rose and fell with the thermometer.

Families moving in and out of town brought new classmates and sometimes took them away. Illness and accidents caused temporary vacancies in our classrooms and the sunny south called some away during the winter months.

When we were in the sixth grade, Jane Seaborn and William Braund joined our ranks and each year after that added to our roll. In the fall of '28 we lost Jane Seaborn when she moved to Arizona and Eloise Sargent dropped back a year on account of illness.

When we started on our high school career as Flats we were privileged to organize and have a party. Also we were blacked!

As Sophomores, we began to feel and impress others with our importance.

In our Junior year, we made many debuts, appearing before the school in "Catching Clara" and many other business and social enterprises.

And then! Oh, we are Seniors! We work and we play! In our work, we make gases, poisonous and otherwise in lab, make the typewriter keys buzz and we learn to talk like the Frenchmen do. Socially our lads and lassies can outstep anyone on the dance floor and keep the laughter rippling.

Now, the members of this renowned class of twenty-nine are stacking their books to leave Chagrin Hi. We leave behind us trophies our athletes have won, echoes in the halls from our songsters and musicians, and memories of deeds in the memory books of Individuals.

"Still sits the schoolhouse by the road, It seems now to be sleeping While round about the elm trees grow, And ivy-vines are creeping."

-John Greenleaf Whittier...

Senior Class Prophecy (Continued)

Urmston Lewis finds the paper-hanging job very profitable, especially in partnership with his father. He claims that there is a future in that, because he expects calls in a short time to repaper everything he does.

William Mares has become circulation manager of the Exponent. He got his start delivering Plain Dealers.

Hilia Mattson has opened a beauty parlor on North Main St.

The papers have been full of the capture of the "Black Terror" by Harlen Mault of the Canadian Mounted Police.

Harold McCabe, leader of the orchestra "Mac and His Music Makers," is traveling with the Keith-Albee Circuit.

Howard Menges who managed so well the 1928-29 football team is managing a homstead with a girl whom he declares is "just like the girl that married dear old Dad."

Vivian Pealer is still writing short-hand. She takes Umsy's dictation while he pastes wall-paper strips.

Remember the nice wave Lucille Rees used to have in her hair? Well, she has passed the wig stage and is doing thriving business in partnership with Nancy Plohr in the "Nancy-Lucille Shoppe".

It is rumored that Cupid has been hanging around Marcelia Pugsley lately. Who? You'd never guess, but she is still a teacher, not old maid anymore.

Anna Raki returned to her home town after graduation and founded the Bainbridge Theological Seminary of which she is president.

Raymond Ramsey is Chief Chemist in the Adams Bag Company's new laboratory.

The Cosmopolitan Opera Company staged the initial appearance of its recent "find," an auburn-haired, brown-eyed lassie, our own Marian Root. She appears in "Skip, Skipper, Skip", this week.

'Do you remember how our Senior column grew in the hands of Edward Seibert? Just so has the sports column of the Falls Daily Telephone grown.

Wasn't it that demure little Mary Thomas who always was so fond of a uniformed "he"? Well, she's anchored now. Yes, anchored—he's a sailor.

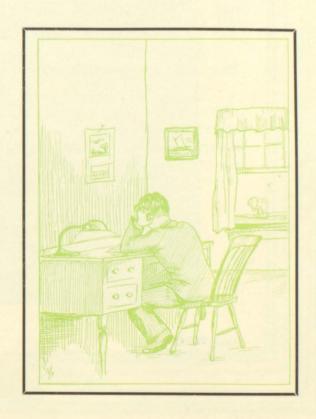

Mollie Venchiarutti returned home on the Lusitania from England, where she completed a course at Oxford. And imagine, she got all A's.

The Alumni of '29 seem to be very active and we are certainly proud to have had them as our seniors for one year.

Juniors

SOMETIME when you are passing Room 15 just stop a few minutes to gaze upon the class of '30. It will be an inspiration to you, we are sure, for you will see thirty-two girls and boys industriously studying, for our motto is, "Hard work is the key-note to success."

To begin the year we had the usual election of officers. Later the Lecture Course Committee was chosen. It was decided to have only two numbers on the course, the Junior Play and Operetta. The Junior Play, "Oh Kay", was a decided success.

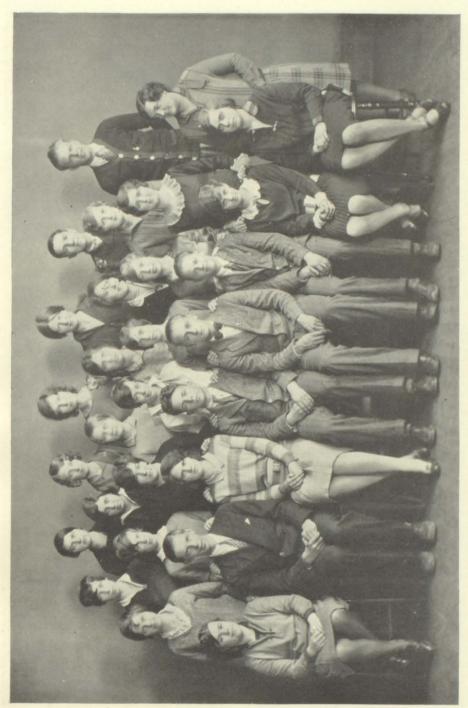

What would the debate teams have done without the Junior class? Practically the whole Affirmative team was composed of Juniors.

We must not forget sports. Two Junior boys received football seals and a number received service seals. You will agree that the "Shooting Stars", the Junior girls' basketball team can't be beaten. They won the Silver Loving Cup in the inter-class girls' basketball tournament. The Juniors are looking forward to as pleasant and successful a year when they become Seniors.

AST September a troop of merry boys and girls reported to room ten, resolving to become a class of great merit. They were the Sophomores, forty-three in number. Let us hope that we shall keep this membership during our remaining high school years.

We are glad that we were well represented in all the activities of Chagrin Falls High School. We had many boys out for football, four of whom were letter men. Many of our number participated in basketball. A few of the Sophomores were also in the Debate Club.

The Sophomore boys and girls who were able to sing well were readily taken into the Glee Clubs, helping to make them more successful.

We hope to become better students, therefore influencing the lower classes.

Watch us grow!

Freshmen

THE class of '32 believe that this year has been the most eventful and entertaining its members have had since they started their scholastic career under the leadership of Miss Russell.

We, the class of '32, were unanimously in favor of the Bond Issue and did our best to convince others that we needed a new High School. We also worked hard to secure money for musical purposes by selling as many magazines as we possibly could in the Red and Blue Campaign.

We had only one class party this year, but it was a great success, since there was fun for everyone. Most of the class attended and had a most enjoyable time at all of the entertainments given by the High School.

Every night after school there was always a number of "Freshies" waiting to interview the teachers. I'm afraid that they were responsible for the growth of a goodly number of gray hairs in the faculty heads.

Underneath this, we really were a most serious class, for many of us know now what we are going to do when we graduate.

One girl in the class of '32 is a member of the Girls' Glee Club, while several of the boys are in the Boys' Glee Club. We are well represented in athletics and other school activities.

OUR JUNIOR HIGH

Our Junior High is mighty fine, The best there'll ever be, And if you don't believe it-I'll make it plain to see.

In Basketball we ranked quite high, We won most every game, 'T wasn't anybody's fault, The team was all to blame.

Of all Chagrin High School, my friends, We certainly have the brains, This cannot be denied. For you can see it plain.

We have a group of teachers, They are so very fine, They're also very full of fun, And I'm proud to say they're mine.

After long, long, days of waiting, We will meet with great careers Which we will happily start At the end of our school years.

Football

SOON after school started this year Coach Gurney sent out his annual call for football candidates. Thirty-three fellows responded and they immediately started work.

The first few weeks the fundamentals of football were drilled into them and several new men made good showings in scrimmage.

With only five letter men back, and considerable injuries and lack of weight, the team went through the season. The scores may make some think the project was a failure, but every fellow who had the fight to stick to the last surely gained something from football.

Chagrin was handicapped by not being able to play on her new field this year. An adjoining field, which was not a good playing ground, was used. Next year we will have our new field and we hope—a Championship team.

BLAIR

FOSDICK

GILMORE

Captain Virgil Blair—"Virgie" End

"Virgie" was one of the best players Chagrin had this year and he rightly deserves the honor of being Captain. "Virgie" proved to be a sure tackler and a demon on opponents' end run plays. A big gap will be left at end with "Virgie's" graduation this year.

WILLIAM FOSDICK—"Fuzzy" Fullback

"Fuzzy" was the punter for the team and also the heaviest man. He always used his weight to the best advantage on the gridiron. In the Garfield game, "Fuzzy" hit the line like a trip hammer for about sixty-five yards, only to lose his chance for a score by losing the muddy ball.

Victor Gilmore—"Vic" Quarterback

"Vic", the triple threat man of the team, has played in the back field for three years. His broken field running was the feature of many games. "Vic's" laurels will probably be carried on by his brother in the coming years.

Page Forty-six

GUNNING

BRAUND

PEALER

WILBERT GUNNING—"Wag" Guard

Although injured in one of the first games, Gunning came back with a fighting spirit. He was "through" on most every play and threw many an opponent for a loss. Gunning's graduation will leave a vacancy that will be hard to fill.

WILLIAM BRAUND—"Bill" Tackle

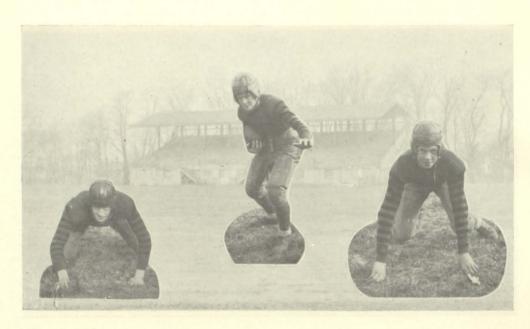

"Bill", one of our most dependable and level-headed players, played "real football" all year. As a tackler, he let his opponents know he was all there and when he hit them once they didn't come back for more. Chagrin will need a good tackler next year to fill "Bill's" place.

Delbert Pealer—"Bus" Center

"Bus" said that he liked to play in the mud. The Chardon, Garfield and Alumni games were not muddy enough for him. "Bus" has two more years of football to which to look forward and, we hope, many muddy days.

Page Forty-seven

HENRY

BLAIR

BJORKSTROM

Laurence Henry—"Laurie" Tackle-Guard

"Laurie" was one of the two Juniors that carned his letter this year. He was right on the job at defense and was good at diagnosing opponents' plays. "Laurie" showed best in the Alumni game. Next year's team will find "Laurie" a good man.

Kenneth Blair—"Red" Quarterback-Halfback

"Red" is some little field general and line plunger. Say! what did he do to Chester's team? He ruined it, that's all. "Red" is a Sophomore, so we look forward to two more big years for him.

Ralph Bjorkstrom—"Jerkie" Guard

"Jerkie" says that he enjoys playing football and no one need dispute his word. Although rather light, Ralph held a regular position. As Ralph has two more years of football, great things will be expected from him.

Page Forty-eight

SA PROPERTY OF

KERMODE

ROBINSON

BRADLEY

EDWIN KERMODE—"Blondy" Tackle

"Blondy" worked well alongside of "Vergie" Blair this year. Since he has had experience he will probably be the mainstay of the right side of the line next year.

William Robinson—"Bill" Halfback

"Bill" was a whiz at returning punts. He certainly surprised Garfield and many others. A great deal will be expected from "Bill" next year, due to his speed and exceptional ability to clude tacklers. "Bill" is a Sophomore and he has a wonderful chance to show his ability in football in the coming years.

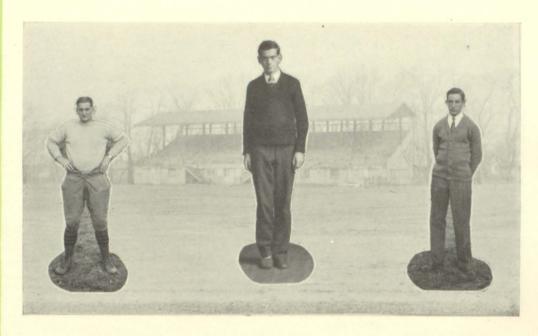

GORDON BRADLEY—"Gordie"

End

"Gordie" was called on to fill Chapin's berth and he filled it like a veteran. "Gordie" is but a Freshman this year and he has three more years to prove his football ability.

MENGES

Coach Gurney

This is Coach Gurney's third year in Chagrin. He has always been the same cheerful and helpful Coach to the boys. The whole school is looking forward to a championship team next year, for there is much experienced material with which to work.

Lawrence Chapin—"Grub" End

"Grub", a two year man, started off the season in fine form. In the Chardon game, however, he suffered a broken ankle and was laid up far the rest of the season. In both the Dover and Parma games "Grub" played a wonderful game of football.

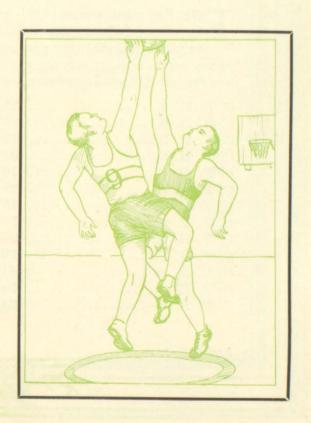

Howard Menges—"Otsie" Manager

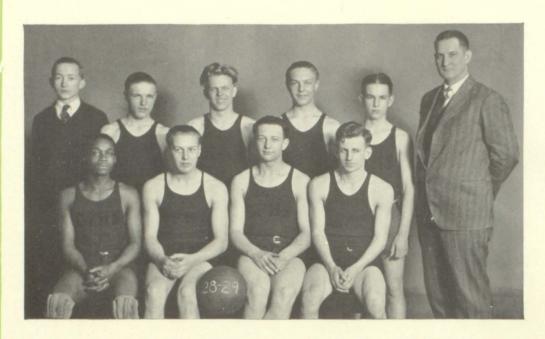

"Otsie" was the man who prepared the scene of battle this year. His lines were rather crooked at times, but he was excused for that. He was right on hand with the dummy and he surely was a good manager.

THE Basketball season of this year cannot be called a success nor can it be called a failure. Coach Gurney developed some younger players into very fine material this year and he can fully expect a good bunch of cagers next season, as only one regular will be lost by graduation. The team was composed of good sportsmen and hard players.

"B" Team

THE second team was unfortunate this year and was unable to give the other county players much competition in the way of scoring. However, they had the old fight and zip that goes to make real players. With more experienced material Chagrin should have a good "B" team next year.

- A Committee of the Co

WILLIAM ROBINSON—"Bill"

Guard

"Bill" showed the same old speed and fight in basketball that he showed in football. "Bill" is a good shot, a clean sport and a quick thinker. "Bill" has two more years to play basketball and great things are expected of him.

ARMOND BRONDFIELD-"Si"

Forward

"Si" certainly won his seal in basketball this year for he played his best for Chagrin at all times. "Si" was high-point man this year and deserves credit for his fine showing.

GORDON BRADLEY-"Gordy"

Guard and Center

"Gordy" was the youngest man on the team. He played real basketball all season. "Gordy" is but a freshman and he has three more years in which to show his football and basketball ability.

VICTOR GILMORE-"Vic"

Forward and Guard

Have you ever been watching a basketball game and notice how well a certain fellow could shoot the ball in from the center of the floor? Sure you have and that fellow was "Vic." "Vic" sure knew how to cage the long shots. "Vic" leaves the team this year and his loss will be greatly felt by the team.

OSCAR MAKI—"OSCAR"

Center

Those who have tried to out-jump Oscar know that it is surely a tough job, for Oscar is not to be out-jumped easily. Oscar has one more year at Chagrin and he is going to do his best to make next year's team a success.

WILLIAM TYLER—"Tug"

Guard

"Tug" was one of the best guards that played on Chagrin's court this season. He was exceptionally well adapted to making points when they were most needed. "Tug" has another year at Chagrin and he should make the fans sit up and take notice.

WILBERT GUNNING-"Wag"

Manager

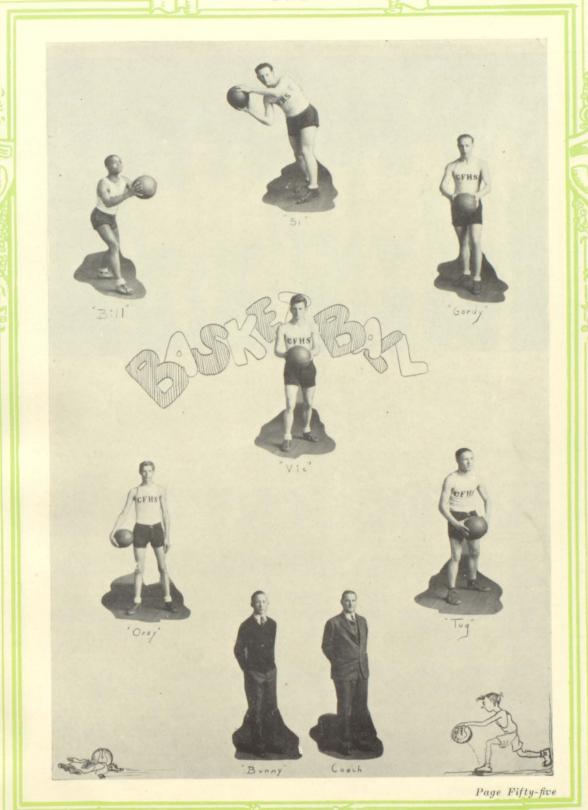

The boy with the sunny smile and a word of encouragement for the players. "Wag" performed his duties like a veteran.

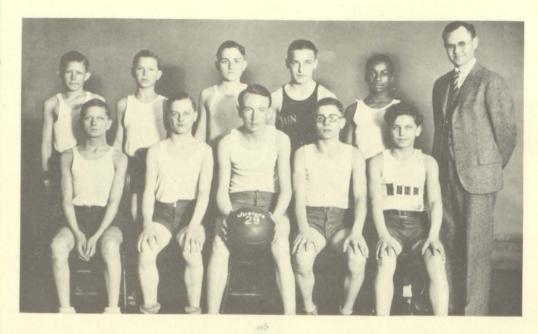

THEODORE GURNEY

Coach

Coach had his team off to a flying start and continued to coach it to the best of his ability to the end. He is to be praised for the team he was able to develop from the material presented at the opening of the season. With this material Chagrin ought to have a championship team next year.

"C" Team

THE Junior High boys had a real team this year and they deserve a great deal of commendation. They easily won the Championship of the county and went through a fine season, leaving but one defeat chalked against them.

The team was coached by Mr. Kearney who certainly knew how to get results from the boys.

Boys' Interclass Basketball

S a result of their winning three games and losing none, the Seniors won the second annual Interclass Basketball Tournament. It started out with the Juniors and Seniors being paired against each other. The Seniors beat last year's Champs to the tune of 14 to 3; the Seventh Grade drew the Eighth Grade and beat them 9 to 8.

In the second round the Seniors eliminated the Sophomores 21 to 1, and the Seventh Grade defeated the Freshmen 10 to 9.

In the final round the Seniors met and vanquished the Seventh Grade by another overwhelming score, 17 to 3, thus winning undisputed claim for the cup.

This basketball tournament is arranged by the school only for the boys who were not on the basketball squad so as to give them a chance to show what they could do.

Track 1928

C HAGRIN opened her track season with a dual meet with Mayfield and defeated them.

Mayfield was determined to have revenge and won the Triangular track meet in which they were participants along with Chagrin and Orange. Chagrin took second place in this meet.

Chagrin entered the Lakewood Relays but was not very successful as they took but fifth in the hurdles and sixth in the relay.

At the County Track meet, Chagrin's men showed their ability quite creditably, taking second in the broad jump, first in the pole vault, third in the hundred yard dash, third in the two-twenty yard dash, and fourth in the shot-put.

Chagrin had one entrant at Columbus, Charles Hern, who took fifth place in the pole vault.

Page Fifty-seven

Baseball 1928

CHAGRIN resumed the sport of baseball last year but were not very successful due to the fact that the players were inexperienced. The schedule included games with towns that were in Chagrin's class.

Chagrin played Russell, the championship team of Geauga County, but was able to merely hold Russell to close scores.

The schedule was as follows:

*April 13—C. F. H. S	5	Russell 2
April 25—C. F. H. S	6	Russell 7
May 4—C. F. H. S	9	Brecksville 15

*May 11 —C. F. H. S	13	Mayfield 7
*May 21 — C. F. H. S	5	Russell 10

The outlook for the season of '29 is fairly good as Chagrin will have a number of letter men back to build up a new team.

Athletic Board

THE Athletic Board was composed of three Seniors, three Juniors, two Sophomores, two Freshmen, Mr. Michael, Mr. Gurney, and Mr. Kearney. One of the most outstanding aims of the Board was to pay one-half of all doctor bills for injuries received in athletic games.

The members of the Board sold C. F. H. S. canes and caps during the football season in order to help the financial conditions of the organization.

The officers were:

Harold McCabe President
Raymond Kent Vice President
Carol Stroud Secretary
Mr. Kearney Treasurer
Mr. Michael Faculty Advisors
Mr. Gurney

Friendship Club

THE Friendship Club started the year with an open meeting in the form of a hike. This was the first means of enlarging the membership and it resulted in several new members joining the Club at the Recognition Services. The mothers were invited to this service and light refreshments were served. The second annual party at the Y. W. C. A., in November, created much fun. During the Thanksgiving and Christmas seasons, members of the club donated food and clothing to several families.

During the second semester the club devoted some time to the earning of money. A gay Valentine's party was held in the Federated Church on February fourteenth. The same week, the club, with the aid of the Hi-Y Club, sponsored a High School dance. The club also had a concession for selling candy at the Mayfield basketball game. The annual style show "went off" with the greatest success yet. The Mother-Daughter Banquet, and the Senior Farewell closed the year's program. We are grateful to our adviser, Miss Gifford, for her assistance.

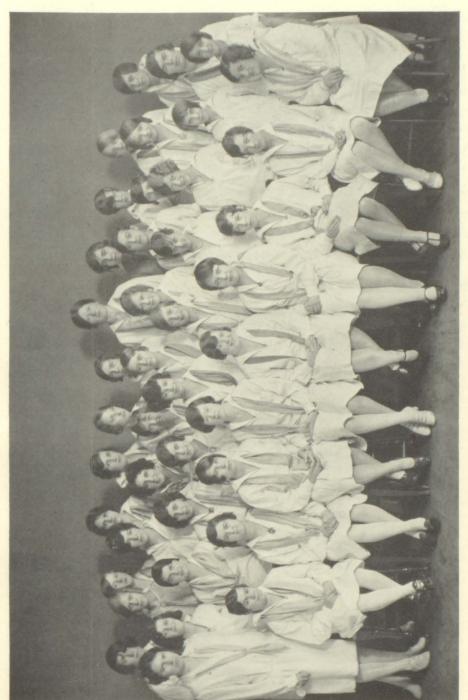

The Cabinet which is at the head of the club decides all difficulties and problems throughout the year for the benefit of the club.

The members of the Cabinet are:

Hi-Y Club

SEVEN years ago the Chagrin Falls Hi-Y Club was organized under the direction of Mr. Wood. This year the Club included twenty members and under the leadership of Mr. Stanton, they aimed to put God first, the other fellow second, and themselves third.

The Club conducted several chapel meetings and was a guiding influence about the school.

Once a month the Club held a Fellowship supper at a member's home.

On February sixteenth a Valentine's Banquet was held, which proved to be a great success. After the Banquet a High School party was given by the Hi-Y and Friendship Clubs.

THE Affirmative Team was composed of three Juniors and one Sophomore. There was also much time devoted to this team by a Senior, Helen Koivisto, who was on last year's team, but due to illness, was unable to compete for a place this year.

With the splendid assistance and cooperation given by Mr. Sands, Coach of Oratory, the team was in fine debating spirit for the first debate, December 7, with Mayfield, the result being a pronounced victory for Chagrin.

The following week the team journeyed to Garfield Heights to meet one of its oldest rivals for interscholastic honors. Much to the joy of not only the debators, but also the entire school, the decision was given to Chagrin.

In both of the debates, Elizabeth Harper took first place over several experienced speakers from the other schools.

With this year's experience and next year's prospects, a successful year is predicted for 1930.

THE Negative Team, this year, was composed of new debators, yet the team made a good showing in all the debates. The members toiled unceasingly with books dealing with material for the question, "Resolved that an educational test is a necessary qualification for voting." Many people were convinced by their efforts.

The team met debators with previous experience but never did it falter or blink a bit, but went into the thickest of the battle, and so well did it fight that it was not far behind the winning team in the final scoring. We have great hopes for those of this team who still remain to do their best for Chagrin.

On the afternoon of December 7, 1928, the Negative Team journeyed to Olmsted Falls to meet the Olmsted Debators. A close debate followed, Olmsted winning by a small margin.

The following Friday afternoon Berea came to Chagrin and again the Negative Team lost. It was said, however, by the Judge, to have been the closest debate he had ever judged.

Student Council

A S usual the Student Council sponsored a great many parties and had charge of the Annual Sugar Hike, all of which proved successful. However, sponsoring parties was not the greatest problem.

A revision of the Constitution and By-Laws was made and new amendments were added. The presidents of all organizations were admitted, so that the organizations might bring their problems to the group for discussion and advice.

Our motto throughout the year has been, to build a better and stronger school spirit and attitude in the student body of the High School.

Glee Clubs

THERE are four essential parts of a Glee Club; the director, the accompanist, the organization, and the chorus.

The Glee Clubs of 1928-29 were, and have been since the first organizations in 1911, under the direction of Mrs. Zoe Long Fouts. She has been assisted by Marcelia Pugsley, accompanist, for the past two years.

The organizations were in the hands of Marian Root, president of the Girls' Glee Club, and William Fosdick, president of the Boys' Glee Club. They were assisted by Carol Stroud and Virgil Blair, secretary-treasurers of the clubs.

The choruses, as shown in the operetta, "The Belle of Havana," play a very large part. The Boys' Glee Club had a larger membership this year than the Girls' Glee Club, and made a good showing in all its work, but the quality of the girls' voices helped to make up for their loss in quantity.

We feel that we have added another successful year to the history of the Chagrin Falls High School Glee Clubs.

Page Sixty-nine

Girls' Glee Club

THE Girls' Glee Club of 1928-29 had a membership on a par with the past few years. We prided ourselves on being prepared to sing in public very early in the season. We sang at the Dedication of the Federated Church, Warrensville City Farm and school chapels. We reached the climax of a successful year when we presented the operetta with the Boys' Glee Club. And, as customary, sang at Commencement. We hereby extend to Mrs. Fouts, our director, our grateful thanks for her fine work.

Boys' Glee Club

THE Boys' Glee Club lost eleven members through graduation, but new members came in to fill the gap and under the direction of Mrs. Fouts came to be real songsters.

As every one knows, the 1928-29 Boys' Glee Club was a big success. They sang in the Operetta, "The Belle of Havana," in the May Concert and at the dedication of the Federated Church Annex. At chapels their voices rang out above the rest.

Story of the Operetta

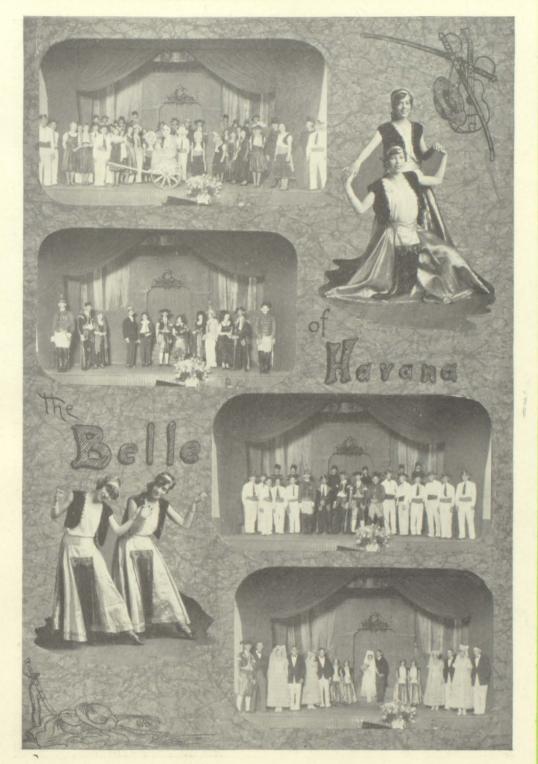

HE play opens in 1895, that fateful period in Cuban history, when Spain's cruelty in suppressing insurrection on the island was most marked. Early in Act I, during the Carnival a crisis is precipitated when Antonio arrests a boy for shouting, "Cuba libre!" Nat Stirling lays hold upon Antonio, who reveals that Vilianos plans the downfall of the Ramonas.

In the face of imminent tragedy, Anita makes her regal entrance as queen of the carnival, only later to step from such public role into disguise of a man spy in order to mislead Vilianos. Esteban enters as the victorious matador only to pass later, through the agony of a parting with his sweetheart, Maria, and proximity to death in a duel with her brother.

Act II, with scene laid near the hidden camp of the patriots, Antonio has captured Dona Madelina, while Dick and Don Alfredo are also in the toils of the Spaniards. On the other hand, Vilianos is captured by Esteban. Anita leads the Spaniards to their capture, when through arguments of Antonio, himself never overloyal, they decide to renounce Spain and join the patriots.

Act III is one of jubilation over the nuptials to be of Anita and Nat, even though Vilianos has made his escape and may strike again at any moment. Vilianos suddenly appears to explain to Anita that he has been transferred, but that he will never again raise his hand against the Ramonas. In this act, too, Maria and Esteban are again united, while Dick and Bella are married by elopement.

FEATURES

"When I Was a Child"

"When I was a child, I spake as a child, I felt as a child, I thought as a child; now that I am become a man, I have put away childish things." Thus said Paul in that most famous Chapter, better known as the Love Chapter, of the Bible.

As we grow older we "put away childish things." We hide our childish desires in the treasure chests of our hearts. Although old dolls and battered tin soldiers may in reality be stored away in a dusty trunk away up in the attic, they are packed safely away in our treasure chests, far from another's reach. Even if our feelings and infant speeches are written in some fond parent's diary we can find them by unlocking our chest.

But why is it that we have had to do all this packing? Don't you know that if anything goes out of style it must be discarded? Yes, it is true, the old must make way for the new.

So it is in life. We must discard our playthings of yesterday, pack them and prepare for tomorrow. Tomorrow we must earn our bread and provide for that harvest of our life, old age. But this cannot be done at once. It takes years and years, practically a lifetime. So day by day we pack up the old that we may have a place for the new. But this storehouse of ours never can become full for as we place something there, in order to make room for newly discovered knowledge, our storehouse grows a little more and so our treasure chest is never full.

When we will have grown to be men and women we will be so busy earning our daily bread and butter that we shall have no time to think of our childish fancies. Providing for ourselves and no doubt our children will consume all our time. But in the later years, the summer of our lives, our crops will be growing and a fine harvest will soon be near.

After the spring and summer are over and the harvesting has been completed we shall have a period of peace and joy. During this period of our lives we shall often take a certain key and unlock the chest in our hearts which we packed so long ago.

Because everyone sooner or later, takes out one little key, which we call memory, and with it unlocks the locks which bring back again the joys and sorrows and the dreams and desires of our childhood.

Grace Thayer.

"And All at Once I Saw a Crowd, a Host of Golden Daffodils"

One day when I was walking in the woods I came upon a small path, almost hidden from view by small trees and bushes. It was a very fascinating path so I decided to follow it and see where it went.

After roaming for about ten minutes I began to notice that there were fewer trees. About five hundred yards from me the path ended. Determined to see all I could of this pretty trail I followed it to where I thought it ended but instead there was a sharp turn which was over-grown with moss. I went around the curve and was looking to see how much further the trail went, when suddenly arose to view a wavy yellow crowd of daffodils, bordering the most beautiful lake I believe I have ever seen. It was such a pleasant surprise that I stood there dazed.

What a beautiful shade of yellow! So soft and silky! It seemed as if those flowers were alive, as a million tiny heads bobbed and danced in the breeze. Oh! It was wonderful just to sit there under the trees hearing nothing but the sweet notes of the birds and the music of the tiny waves as they softly touched the shore. I watched the sun shine down on the Daffodils and then slowly sink away behind the trees on the distant shore of the lake. I don't believe I shall ever be fortunate enough to see another spot quite as fascinating as the one I have just described.

THE SENIORS

Three Cheers for the mighty Senior Class Our banners soar on high, Make way for the class of twenty-nine, As their conquering hosts pass by.

We've met and vanquished every foe,
None dare defy our hand,
Stand back, respect your leaders,
For the Seniors take command.

Attention, take this order
And be sure you do it right,
Uphold the standards of the Senior Class
With all your valor and your might.

And as we leave this dear old school You'll realize what WE have done, The honors to Chagrin we've brought, And the victories, WE have won.

R. K. '29.

There is an old saying "Two heads are better than one" and true it is. We do not always realize what it means to undertake a great responsibility without competent help, nor do we value such help until the task is completed. So it is with me. I take this opportunity to thank Mr. Sands, Miss Walker, and each member of the staff for their cooperation and faithfulness in the compiling of this book.

Back on the Farm

Duane Brown left the farm and got a job in the city. Wishing to impress his brother he wrote back, "Thursday we autoed out to the Country where we golfed until dark. Then we motored to the beach where we week-ended."

The country boy refused to be impressed and wrote back:

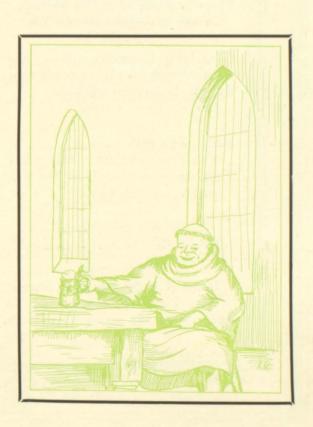

"Yesterday we buggied to town, where we base balled all the afternoon. Today we muled out to the corn fields and Gee-Hawed until sundown. Then we suppered and piped for a while. After that we staircased to our room and bed steaded on until the clock fived.

Humor

Some young brides worship their husbands so much they place burnt offerings before them three times a day.

Some men call their wives angels because they always harp on the same subject and never have anything to wear.

Dumb—Do you know why they call women Easter Eggs?

Bell—Sure, because they are painted and hard boiled.

Oh, the Zenith is a funny thing
The school gets all the fame.
The printer gets the money,
And the Staff gets all the blame.

When the raisin mash is stewing And the worm is in the still There is a pile of gravel waiting, In the graveyard on the hill.

Edna bought a paper suit

She thought the thing would wear,
But all the boys avoided her

Lest she go on a tear.

Mary had a little lamb.

You have heard that tail before.

Then she went and passed her plate
And had a little more.

A REVISED HYMN: "Work For the Boss Is Coming"

Dim—How do you like Chicago? Wit—Fine, especially around the stock yards; the air smells so bully. Braundy—How do you know that he is a Freshman?

Ray-He wears garters.

"That is the bunk," said Ray Kent to his visiting friends at camp.

Solicitor—Do you give a great deal to charities?

Patron-I have a son at college.

Half—What does your room-mate like?

Wit-Everything I have got.

Soak—What key do you sing in? Soaked—Whiskey.

Room—Didn't day break about the time you came in this morning? Mate—No, that was night falling.

We could tell you some more jokes, but what's the use? You would only laugh at them.

Parley Vous Francais? Huh? Parley Vous Francais? Whuzzat? Do you speak French? Oh! Certainly.

Skipper—(after slapping him) Don't you ever try to kiss me again.

Bill—Well, if you are going to get mean about it you'll have to get off my lap.

I could learn to love you in time. It is only twenty to ten.

Page Eighty-six

ZENITH STAFF NONSENSE

May I print a kiss upon your lips? Yes, provided you do not publish it.

I met her in the garden.

The night was still as death.

I knew she knew her onions

For she had them on her breath.

Advertisement from the Exponent

For sale—A second hand monument, slightly used. Great bargain for a family by the name of Fosdick.

Mr. Dodds—Add sodium, carbonate, and ignite.

Ray Kent—I have added the sodium and carbonate, but I can't find any ignite.

Mr. Dodds—(discussing organic and inorganic substances.) "Now if I should shut my eyes,—so—and not move you would say I was a clod. But I move—I run—I leap, then what would you call me?"

Skipper—"A clod-hopper."

Mr. Dodds—"How does one ascertain the key of a pitch?"

H. Small—"With a pitch fork."

Nut—Why did they call this man a Knight of the Garter?

Nutty—Because he was one of the King's chief supporters.

Have you read Excelsior?

No, but we have yellow shredded wheat.

Is this ham cured? Yes sir. Well, it has suffered a relapse.

Where are you going with that shovel?

A friend just blew in and I have to dig up another date.

Can you tell me the story of the Golden Fleece?

No; do they bite?

Fat Hobbs says: "A fat man has one advantage; he knows where his cigar ashes are going to fall."

Adam stood and watched his wife Fall from an apple tree,

Oh Ha! At last I've found her out Eves dropping, muttered he.

He was killed by a blow from a flying piece of mahogany.

Sort of a hard-wood finish, eh?

How to Get Along with Women

- 1. Avoid them.
- 2. Let them alone.
- 3. Leave town.
- 4. Don't give your right name.
- 5. Don't use cave-man tactics, lines, or other bright ideas.
 - 6. Avoid them.
 - 7. Let them alone.
 - 8. Leave town.
 - 9. Etc.

Page Eighty-seven

Edward S.: How did ya get your face scratched?

Gunning: Jumping. Eddie: What!

Gunning: Yes, jumping at conclusions on the date I had last night.

Here's to a glass of ginger ale,

So amber and so clear:

Not half so sweet as my sweetie's kiss, But a darn sight more sincere.

Ernie E .: "May I kiss you?"

E. Manley: "Heavens, another amateur."

Vic. G.: I suppose I am only a pebble in your life.

E. Davidson: That's all, but it's all right with me if you want to be a little boulder.

He: Why are you chewing your finger nails?

Haw: I want to see how it feels to be mad enough to chew nails.

Broadmindedness is the ability to smile when you suddenly discover that your best friend and your best girl are missing from the dance floor.

Jones: Your dog bit me.

A Neighbor: He did not!

Jones: Prove it!

Neighbor: First, my dog has no teeth; second, he is not ferocious; third, he is particular whom he bites; fourth, I have no dog.

"What a beautiful moon!"

"Do you mean that bright patch in the distance?"

"Yes."

"Well-that happens to be my bald-headed uncle digging for bait."

"So your son got his B. A. and M. A.?"

"Yes, indeed, but his PA still supports him."

Mary T.: "Are you a musician?"

Red: "No, why?"

Mary: "Then stop fiddling around."

Page Eighty-eight

JA TONE SOL

After Harlen Mault became the foreign agent for the Atlantic & Pacific stores he went to Paris and not being able to read the menus in a very fashionable restaurant, and he not wanting to expose his ignorance, he pointed to a line and said, "I'll have some of that." "I am sorry sir," the waiter said, "but the band is playing that now."

Mr. Dodds—Can anyone tell how iron was first discovered? Marcelia—I understood my father to say that they smelt it.

The new night watchman at the observatory was watching one of the astronomers using the big telescope. Just then a star fell. "Begorra," he said to himself, "that fellow is sure a crack shot."

After Vic Gilmore had finished his test paper he wrote at the end:

Dear Mr. Dodds: If you sell any of my answers to the funny paper, I
expect you to split 50-50 with me.

Ad in the Exponent:

Wanted a man for gardening, also to take charge of a cow who can sing in the choir and blow the organ.

Rastus was asked what regiment he would like to join if another war occurred. It was suggested that he probably would join the cavalry.

"No," said Rastus, "when they sound the retreat Ah don't want to be hampered with no horse."

Salesman: Do you want a suit with a belt in the back and a cuff in the pants?

Collegian: Do you want a sock in the eye?

Hotel Clerk-How did you get in?

New Arrival—I just blew in from Montana with a bunch of cattle.

Clerk-Where are the rest of them?

New Arrival—They stayed at the stockyards. I ain't as particular as they are.

Cathryn Cole walked into a railroad office and asked for a ticket to Toronto. "Do you wish to go by Buffalo?" asked the Ticket Agent.

"Certainly not," she said, "by train if you please."

Page Eighty-nine

Customer—I want a pair of spec-rimmed hornicles, confound it I mean a pair of heck-rimmed spornicles.

Floorwalker—Yes, I know what you mean. Mr. Rust, show this gentleman some rim-sponed hectacles.

"Mother will be surprised when she gets my letter," said Ray Ramsey, "she used to say, 'Ray, you are so lazy that you will never get a job,' and I have had six in the last month."

SUMMARY OF "THE BOYS"

By Wilbert Gunning

Holmes calls old times a Liar. (Such a boy.) He is talking about the rest of the gang. The Judge, the Doctor, and the Preacher. They may have been to the Candy Store cause he says they are all Fudge. Then he asks God to take care of them. Maybe they have no home and will be sent to the orphans asylum or maybe they are married. Yes, God help them.

"Strike!" snorted the umpire.

And the Plumbers' Local baseball nine walked right off the field.

"I used to run after the girl friend; now I run, after the girl friend's old man starts running after me for running after the girl friend."

"How old would you say she is?"

"Oh, about three husbands."

Perry Neldon: "Have a stick of gum?"

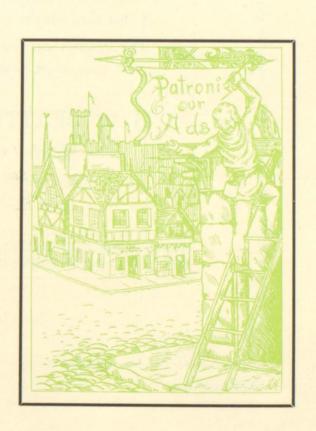

E. Sargent: "Yes, thanks." Perry N.: "Wanna neck?"

Eloise S.: "No."

Perry N.: "Gimme my gum back."

CHAGRIN FALLS GRADUATE TAKES THE
"ACCOUNTANCY WAY TO INCREASED PAY"

Three years also when Louis Hartman graduated from the CHAGRIN FALLS HIGH SCHOOL, he elected a business training at the Dyke School, because he believed it afforded the best opportunity for the achievement of his ambition: a C.P.A. degree.

Today, as junior accountant on the staff of Alexander, Cochrane and Huffunn, Certified Public Accountants, Mr. Hartman is convinced he chose wisely. He secured this position after he had completed the first unit of the Walton Course in Accountancy, and is continuing his accounting course in the evening school, to prepare for the C.P.A. examination.

A similar opportunity awaits any Chagrin Falls graduate who has the desire for success and the ambition to achieve it.

"See It With Better Vision"

One pair of eyes for a life time is all that nature will allow

Do not gamble with your vision thru eye strain, each day your eyes have a hard duty to perform and you should keep your vision in the best of condition.

From a night's rest you gather an energy reserve to carry you thru the next day's duties, thirty-five per cent of that reserve is used by a normal pair of eyes and the other sixty-five per cent is the body's energy reserve which causes all kinds of physical ailments and much unnecessary suffering.

For your own physical well being have your eyes cared for now.

"See It With Better Vision"

The worth of our eyes is to us incalculable and it is to our best interest to keep them in as near a visual perfection as is possible.

Eyes should maintain a perfect binocular balance, that is each eye sees the image, but both eyes see the same image as one at the same point and place and when they do not both work together they labor under an extra strain which in turn causes headaches and nerve discomforts.

Thirty years experience coupled with the best optical equipment that money can buy, qualifies me to care for your eyes as they should be cared for.
